

Harlequin Ballet Barres

Suitable for home practise and small dance studios/spaces

Whether you choose portable, freestanding or permanent wall or floor-mounted ballet barres, you'll realise they are a prerequisite for the dancer. Without a comfortable and sturdy barre it is hard to do the essential warm-up and stretching exercises. Both amateurs and professionals can minimise the risk of injury by stretching properly to increase blood-flow to the muscles and improve flexibility whilst achieving an elegant stance.

Our home studio ballet barres are lightweight yet very stable. Constructed from aluminium with a smooth silver finish and a beech barre.
